

roots & wings COMMUNITY SCHOOL

August 21, 2020

Dear RWCS Community,

By the time you are reading this, we will have completed our first week of school! It was definitely the quietest first day of school I have experience in a school building, but we are missing the sounds of the students. Thank you to everyone for coming and picking up computers and learning materials on Monday and Tuesday.

Hopefully, everyone has started to settle into their school from home routine. If anyone is still having any technical issues or needs suggestions for creating a learning space for their student, please let us know.

Please make sure all registration forms are filled out completely. Many of the questions are items we are required to collect and must submit to the State. Even if you have filled out forms in the past, we need the information on these current forms as these will be the ones we reference this year. Also, don't forget about immunizations, they are due by October 1st. The state is also offering immunization clinics around the state if you are having an issue getting your child the required ones.

Our order of protective coverings for the Chromebooks and travel bags have arrived. The teachers will let you know how their class will be distributing these items to your student.

Please also fill out the [2020 Census](#) as federal funding for schools and other services are contingent on these counts. Please make sure you are counted and that New Mexico is FULLY funded for these important services.

School office hours will continue 9:00 am – 5:00 pm on school days and we can be reached at (575) 586-2076

Sincerely,

Jon Orris
